COVERS  
UP TO  
**16,500**  
SQUARE  
FEET!

**Granular ~ Natural**  
**SPECIALLY FORMULATED • ORGANIC**  
**NON-TOXIC AND ENVIRONMENTALLY SAFE!**  
**MOLE REPELLENT**

**For All  
Season  
Use**

**Designed & formulated for professional use:**

- Pest Control Operators • Landscapers • Grounds & Golf Course Superintendents
- All Landscape Installation & Maintenance Professionals

**APPLICATION INSTRUCTIONS:** Using a rotary spreader, cover the entire areas where moles are present with a two phase application over a two week period. The initial application will drive moles out of affected areas and the second application will ensure they do not return for up to 45 days. **DAY 1:** Apply Mole Scram Professional to the entire affected area of lawn starting at the area furthest from where you want the moles to exit, then water for approx. 20 minutes. Where the area permits, apply Mole Scram Pro in a band at least 30 feet beyond and around the infested area where tunnels and holes are present. **DAY 14:** Apply Mole Scram Pro over the entire affected lawn, watering in the same way. *Where possible*, locate mole runways, then punch 1" holes every 10 feet and drop granules into the holes and cover with soil. Also apply to the end of each runway. **SEE FULL APPLICATION INSTRUCTIONS INSIDE.**

**PRECAUTIONARY STATEMENTS:** Wash skin after use. Avoid contact with eyes or cuts. If in eyes, flush with water 15-20 minutes. Call Poison Center or doctor for treatment. **Storage:** Store in original sealed container. Do not contaminate water, food or feed by storage or disposal. Do not apply directly to water. **Disposal:** Do not reuse empty container. Dispose of properly. Buyer assumes all responsibility for safety & use not in accordance with directions.
